

FOR IMMEDIATE RELEASE

Assembled Products™ Corporation Celebrates 30 Years

Assembled Products™ Corporation, a Rogers, Arkansas company, is celebrating 30 years of manufacturing Products that Make Life Better. Assembled Products™ Corporation has grown from selling a single product in 1983 to operating several divisions and manufacturing several products in 2013, including Mart Cart®, Jotto Desk®, NRA® Jotto Gear, Spray Master Technologies®, and Hub Motors.

Rogers, Arkansas, December 12, 2013 – In 1983, entrepreneur William Sage built the first prototype for the Mart Cart®, an electronic shopping cart for the mobility impaired. Working from his Rogers garage, Mr. Sage hoped to provide a solution for shoppers like his elderly grandmother, who could not accompany the family on shopping trips. Today, the Mart Cart is the premier mobility aid for shoppers in many Fortune 500 grocery, drug, and warehouse format retail stores.

In addition to the Mart Cart, Assembled Products' portfolio includes other Mart Cart® brand mobility products; Spray Master Technologies® high pressure cleaning equipment; Jotto Desk®, the Total Solutions Provider for public safety and fleet vehicles; NRA® Jotto Gear, advanced technology in personal security solutions; and Hub Motors OEM equipment. The company employs 139 people and has also experienced success in contract manufacturing for synergistic products.

The company will hold a 30th Anniversary celebration December 20th from 11:30 a.m. to 1:00 p.m. at the Assembled Products™ Corporate headquarters located at 112 E. Linden Street in Rogers, where Mr. Sage will be the featured speaker. Employees and Invited Guests are welcome to attend.

“We have been continually blessed these past 30 years, and are excited to celebrate this milestone with our community, friends and founder,” says Erin Kiefer, Secretary of the Board. “Opportunities have arisen in unique market niches throughout the years. Each new product was opportune for its time, and each has contributed to our success. That, along with the faith of our leadership and our outstanding employees, is why we are still here today, and why we will continue to be successful in the future.”

For additional information about Assembled Products or their 30 year milestone, please contact Erin Kiefer at erin@assembledproducts.com or visit www.assembledproducts.com. Media attendees should RSVP by December 18th to Anita Warren, at (479) 246-6412 or anita@assembledproducts.com.
